

KENYA
GREEN BUILDING SOCIETY

GREEN BUILDING TRAINING GREENSTAR™ AP

The Kenya Green Building Society (KGBS) in collaboration with UN-HABITAT, Kenya Property Developers Association (KPDA), Architectural Association of Kenya (AAK), WEB Limited and Green Building Society of South Africa (GBCSA) invites you to the Greenstar™ accredited professional training to be held at Strathmore University, Nairobi on the 4th - 6th November.

To become a Green Star New Building Accredited Professional, 3 Parts of the program must be completed. Thus:

This 3 part program provides a comprehensive overview of the Green Star rating system for Design and As Built tools for the rating of the environmental performance of the design and construction of buildings & major refurbishments. It provides insight into all major aspects of environmental sustainability that should be considered in the design and construction of green buildings. The program culminates in a Green Star Professional Accreditation accepted worldwide.

For more info <https://www.youtube.com/watch?v=s71KD5XCGes>

For Green Star Accredited Professional for Communities, you must complete parts 2 & 3 to write the exam.

FACILITATORS

The training will be jointly held by facilitators from GBCSA and KGBS.

TARGET GROUP
